Electronic Security

United deploys state-of-the-art electronic security surveillance technology including hard wired **CCTV systems**, digital and analog systems as well as IP to IP networked and stand alone systems.

Hardware For Any Application

Our CCTV units provide covert and overt protection to monitor retail, commercial, industrial and construction sites. Our rapidly deployed Mobile Surveillance Units are ideal for locations where power and communication methods are limited or unavailable.

Our video systems are tamper-resistant and monitored by our **24-hour Remote Video Monitoring Centre**. Many clients find our electronic solutions to be a highly functional and cost effective method of protecting their property.

Electronic solutions are available for permanent and short-term operations.

Premier Live Monitoring Service

Live Remote Digital Video Monitoring allows our highly trained monitoring staff to see what is happening at your site, assess the situation quickly and immediately dispatch Mobile Patrol Units and local authorities.

Pricing is based upon the needs of each client and may vary from site to site.
